January 22, 2019

Tuscarawas County Engineer has an opening for Assistant Engineer. Applicant should have a Bachelor's degree in Engineering or related discipline, or equivalent combination of training and experience. Applicant must possess a valid driver's license.

Examples of skills and/or experience relevant to this job include:

- Knowledge of plan and project specification preparation, including knowledge of AUTOCAD and related engineering software.
- Knowledge regarding the public construction project process, including project field inspection, approval of change orders, disbursement of funds, and final approval of projects.
- Knowledge of construction methods, materials, and equipment.
- Experience in dealing directly with the public, utility companies, other governmental entities, and fellow employees.
- Knowledge and/or experience in regard to property surveying and construction layout surveying.
- Knowledge and/or experience in aspects of road and bridge design, construction, repair, and maintenance.

Interested parties should send a resume to the Engineers office at the above address. Salary will be commensurate with experience of applicant. Position will be open until filled.
